Efma and Capgemini place BCyber on the Global 100 Financial NewTech Watchlist 2021!

Sydney, Australia – Oct 6, 2021 - BCyber Pty Ltd ("BCyber") a privately owned Australian based innovative cyber risk mitigation company, today announced that they had been named on the **Efma - Capgemini Global 100 Financial NewTech Watchlist 2021**.

BCyber was a finalist in the recent Efma-Capgemini challenge which looks for the best Financial NewTech solutions and the most inspiring collaborative projects between Financial NewTech and financial institutions. In collaboration with FinTechVisor, the organizers announced 11 winners on 28 September. At the same event, Efma and Capgemini published the "Efma-Capgemini Financial NewTech Watchlist 2021" list featuring BCyber.

"Selected by a panel of experts from Capgemini and Efma, the Efma-Capgemini Financial NewTech Watchlist 2021 consists of 100 Financial NewTechs across the globe that we believe will help reshape the financial services landscape in the near future" stated the release

Mr Graham Chee, Co-Founder and Managing Director said "We are very excited and honoured to be named on the **Efma - Capgemini Global 100 Financial NewTech Watchlist 2021** as the only Australian business in our category. It is a testament to the teams' hard work and the ongoing support of our business partners. Our mission of democratising cyber resilience and risk mitigation programs, making them more attainable for the SME market is now one step closer."
